(23) The District agrees to use City water exclusively during the period of this contract.

(24) The District further agrees not to sell, lease or give any interest in or right or privilege to utilize its water supply main or mains to any other municipality or any consumer of water whose premises are located outside the territorial limits of the District, and further agrees not to permit any connection to be made to its water supply main or mains, except to supply consumers within the territorial limits of the District without first securing the consent in writing of the City Council of the City so to do.

(25) At the end of each calendar year during the term of this contract and not later than March 31st of each year, the District agrees to submit to the Commissioner of Water and Sewers of the City a report in writing showing in cubic feet or gallons the amount of water furnished the District and the amount in quantity and charges billed by it to consumers during the preceding year and to furnish such other information regarding billing, collections and delinquencies as may be requested from time to time by said Commissioner of Water and Sewers.

Article II

The Tenant shall not assign or transfer this agreement nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of anything hereunder by an independent contractor unless otherwise expressly provided herein, without prior approval of Landlord. Tenant further agrees that it shall not enter into any agreement of any nature, formal or informal, concerning other business activities at Merrill C. Meigs Field, Chicago Midway Airport and Chicago-O'Hare International Airport, with any individual, partnership or corporation without prior approval of Landlord, it being understood that the only activity that Tenant may conduct directly or indirectly, alone or through others, on, upon or from said Airports and properties located thereon, be they demised to others or

under the control of Landlord, is as authorized under the terms of this agreement.

In the event of the issuance of this right or privilege to more than one individual or other legal entity (or to any combination thereof), then and in that event, each and every obligation or undertaking hereinstated to be fulfilled or performed by the Tenant shall be the joint and several obligation of each such individual or other legal entity.

If Tenant is a corporation and if the control thereof changes at any time during the term hereof, then Landlord may, at its option, declare such change a breach of this agreement.

It is mutually understood and agreed that nothing contained in this agreement is intended, or shall be construed, as in any wise creating or establishing the relationship of copartners or joint venturers between the parties hereto or as constituting the Tenant as the agent or representative of the Landlord for any purpose or in any manner whatsoever.

Article III

Tenant has examined the premises prior to, and as a condition precedent to, the execution hereof and is satisfied with the physical condition of said premises, and its taking possession thereof will be conclusive evidence of its receipt of said premises in a safe, sanitary and sightly condition and in good repair.

Article IV

Tenant shall not attach, affix, or permit to be attached or affixed, upon the premises, or if so attached or affixed, relocate, replace, alter or modify, without the consent in writing in each instance of the Commissioner of Aviation (hereinafter called "Commissioner") first had and obtained, any flags, placards, signs, poles, wires, aerials, antennae, improvements or fixtures. In connection therewith Commissioner may require submission of proposed designs, floor plans, construction plans, specifications and contract documents therefor and if then approved may incorporate all or part thereof within this agreement as attachments thereto.

Article V

Tenant, at its own expense, shall keep the premises in a safe, sanitary and sightly condition and in good repair and shall yield the same back to Landlord upon the termination of this agreement in such condition and repair, ordinary wear and tear excepted, and if said premises shall not be so kept by Tenant, Landlord may enter the premises (without such entering, causing or constituting a termination of the privilege or an interference with the possession of said premises by Tenant) and do all things necessary to restore said premises to the condition herein required, charging the cost and expense thereof to Tenant and Tenant agrees to pay Landlord, in addition to the rent and charges hereby reserved, all such costs and expenses.

Article VI

Tenant covenants and agrees to keep said premises and improvements situated thereat free and clear of any and all liens in any way arising out of the use thereof by Tenant.

In addition to the rent and charges hereinafter outlined, Tenant shall pay all fees, charges, license fees and taxes of whatever nature, if necessary, as required by law or ordinance of the City of Chicago.

The Tenant shall assume all risks incident to or in connection with its business to be conducted hereunder and shall be solely responsible for all accidents or injuries of whatever nature or kind to persons or property caused by its operations at said Airport and shall indemnify, defend and save harmless the Landlord, its authorized agents and representatives, from any penalties for violation of any law, ordinance or regulation affecting its operations, and from any and all claims, suits, losses, damages or injuries to persons or property of whatsoever kind or nature arising directly or indirectly out of the operation of such business, or resulting from the carelessness, negligence or improper conduct of the Landlord, Tenant, or any of their agents or employees.

Landlord shall not be liable to Tenant for damage to property of Tenant or any loss of revenues to Tenant resulting from Landlord's acts, omission or neglect in the maintenance and operation of the Airport facilities.

Article VII

Tenant, at the expense of Tenant, shall keep in force, during the term of this agreemnt, insurance issued by responsible insurance companies, in forms, kinds and amounts as determined and directed by the Comptroller of the City of Chicago (hereinafter called "Comptroller") for the protection of Landlord and/or Tenant. Insurance requirements hereunder shall be subject to the sole determination of the Comptroller.

Said insurance may include, but need not be limited to, insurance coverages commonly known as, or similar in kind to, Public Liability, Products Liability, Property Damage, Fire and Extended Coverage, Workmen's Compensation, Scaffolding Act, and such other insurance coverage as deemed required in the sole determination of the Comptroller. All policies or endorsements thereto shall in all cases where possible name Landlord as coinsured thereunder.

Upon approval by said Comptroller of all insurance required, in the forms, kinds and amounts directed to be procured, Tenant shall deliver all policy originals or duplicate originals and endorsements thereto to the Comptroller. In any event, Tenant is not to commence to exercise any of the rights and privileges granted under this agreement until such time as all insurance directed and required to be furnished by Tenant is in full force and effect.

Tenant expressly understands and agrees that any insurance protection furnished by Tenant hereunder shall in no way limit its responsibility to indemnify and save harmless Landlord under the provisions of Article VI of this agreement.

Article VIII

In the event the premises or the building of which the premises are a part shall be damaged or destroyed by fire or other casualty, the same shall be promptly repaired or rebuilt by Landlord at its expense as soon as funds are available but Landlord shall not be obligated to repair or rebuild any fixtures, equipment and other property installed by Tenant pursuant to this agreement.

Provided, however, that Landlord may elect, at its sole option, not to repair or reconstruct the premises or the building, of which the premises are a part, and upon written notice of such election from Landlord to Tenant the obligation of Tenant to pay rent shall cease and this agreement shall thereupon terminate.

In the event of any damage or destruction by fire or other casualty to the premises Tenant shall immediately, at its expense, replace and repair any and all fixtures, equipment and other property, installed by it pursuant to this agreement.

Article IX

Landlord hereby grants to Tenant the right of access and ingress to and egress from the premises by Tenant and its employees, contractors, suppliers, servicemen, sublessees, guests, patrons and invitees; provided, that such rights of access, ingress and egress, are at all times exercised in conformance with any and all regulations promulgated by Landlord or the Commissioner, or other lawful authority, for the care, operation, maintenance and protection of the Airport and the public.

Operations to be conducted by the Tenant under this agreement shall be done at the sole expense of the Tenant and shall be subject to general inspection by the Landlord to insure a continuing quality of services commensurate with the standards provided for in this agreement and shall be further subject to the provisions of paragraph 4, Article XI of that certain agreement entitled "Airport Use Agreement" and the further provisions, including the right of cancellation of Section 6.04, Article VI of that certain agreement entitled "Lease of Terminal Facilities" and to such other provisions of said related agreements as may be pertinent as entered into between the City and the scheduled Airlines governing use and operation of Chicago-O'Hare International Airport.

Tenant does further covenant, promise and agree that said Tenant will not employ any person or persons in or about the premises or on the Airport who shall be objectionable to the Commissioner and if such persons shall be employed by Tenant, he, she, or they, shall be removed upon request of said Commissioner.

Tenant agrees to use its best efforts in every proper manner to maintain and develop the business conducted by it under this agreement and increase same and not to divert or cause, or allow, to be diverted, any business from said Airport.

Article X

This agreement shall not and will not, nor shall any copy thereof, or any statement, paper or affidavit, in any way or manner referring hereto, be filed in the office of the Recorder of Deeds of Cook or DuPage Counties, Illinois or in any other public office, by Tenant or anyone acting for Tenant and that if the same be so filed this agreement and each and every provision hereof shall, at the option of Landlord, be and become absolutely null and void and Landlord may declare such filing a breach of this agreement.

Article XI

If Tenant shall vacate or abandon the premises or permit the same to remain vacant or unoccupied for a period of ten (10) days, or in case of the nonpayment of the rent and charges reserved hereby, or any part thereof or of the breach of any covenant in this agreement contained, Tenant's right to the possession of the premises thereupon shall terminate, with or without any notice or demand whatsoever, and the mere retention of possession thereafter by Tenant shall constitute a forcible detainer of said premises, and if the Landlord so elects, but not otherwise, this agreement shall thereupon terminate and upon the termination of Tenant's right of possession, as aforesaid, whether this agreement be terminated or not, Tenant agrees to surrender possession of the premises immediately, without the receipt of any demand for rent, notice to quit or demand for possession of the premises whatsoever, and Tenant hereby grants to Landlord full and free license to enter into and upon said premises, or any part thereof, to take possession thereof without process of law and to expel and remove Tenant, or any other person who may be occupying the premises, or any part thereof and Landlord may use such force in and about expelling and removing Tenant and said other person as may reasonably be necessary and Landlord may repossess itself of the said premises as of its former estate, but said entry of said premises shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue hereof, nor a waiver of any covenant, agreement or promise in said agreement contained, to be performed by Tenant.

Tenant hereby waives all notice of any election made by Landlord under this agreement, demand for rent, notice to quit, demand for possession, and any and all notices and demands whatsoever, of any and every nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or by the common law during the terms of this agreement. The acceptance of rent, whether in a single instance or repeatedly, after it falls due, or after knowledge of any breach hereof by Tenant, or the giving or making of any notice or demand, whether according to any statutory provision or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of Landlord's right to act without notice or demand or of any other right hereby given Landlord, or as an election not to proceed under the provisions of this agreement.

If default be made in the payment of the rent, or other charges herein reserved, or of any installment thereof, as herein provided, Tenant does hereby irrevocably constitute any attorney of any Court of Record in this State, attorney for it and in its name, from time to time, to waive the issuance of process and service thereof, to waive trial by jury, to confess judgment in favor of Landlord and against Tenant for the amount of rent which may be then due, by virtue of the terms hereof, or of any extensions or renewals hereof, or by virtue of any holdover after the termination hereof, and which may be in default, as aforesaid, together with the costs of such proceedings and for said purposes to file in said cause his cognovit thereof, and to make an agreement in said cognovit, or elsewhere, waiving and releasing all errors which may intervene in any such proceeding and waiving and releasing all right of appeal and right to writ of error, and consenting to an immediate execution upon such judgment, and Tenant hereby confirms all that said attorney may lawfully do by virtue hereof. Landlord shall have a first lien on Tenant's interest hereunder and on Tenant's property now or hereafter located in said premises, or elsewhere, to secure the payment of all moneys due hereunder, which lien may be foreclosed in equity and in case of any such foreclosure proceeding, a receiver shall be appointed to take possession of said premises and property and relet the premises under order of court.

The obligation of Tenant to pay the rent reserved hereby during the balance of the term hereof, or during any extension thereof, shall not be deemed to be waived, released or terminated, nor shall the right and power to confess judgment given in the preceding paragraph hereof be deemed to be waived or terminated by the service of any five-day notice, other notice to collect, demand for possession, or notice that the tenancy hereby created will be terminated on the date therein

named, the institution of any action of forcible detainer or ejectment, or any judgment for possession that may be rendered in such action, or any other act or acts resulting in the termination of Tenants' right to possession of the premises. The Landlord may collect and receive any rent due from Tenant and payment or receipt thereof shall not waive or affect any such notice, demand, suit or judgment, or in any manner whatsoever waive, affect, change, modify or alter any rights or remedies which Landlord may have by virtue hereof.

Tenant shall pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by Landlord in enforcing the covenants and agreements of this agreement, whether by the institution of litigation or in the taking advice of counsel, or otherwise.

The rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

Article XII

Tenant shall observe and comply with all laws, ordinances, rules and regulations of the United States Government, State of Illinois, Counties of Cook and DuPage, City of Chicago and all agencies thereof which may be applicable to its operations or to the operation, management, maintenance or administration of the Airport, now in effect or hereafter promulgated.

Article XIII

Tenant, upon performing the covenants, conditions and agreements herein contained, shall and may peacefully have, hold and enjoy the premises and privileges hereinafter granted.

Article XIV

This agreement shall be deemed to have been made in and shall be construed in accordance with the laws of the State of Illinois.

Article XV

Tribute Paid to Late Samuel Levin.

A proposed resolution reading as follows:

WHEREAS, In the death of Samuel Levin, Chicago has lost one of its great citizens. Born in Czarist Russia in 1884, Samuel Levin understood from his earliest childhood the need for mankind to overcome prejudice, discrimination, segregation, poverty, and injustice. For him, this nation presented an opportunity to exercise and apply ideals of equality, freedom, opportunity and justice.

As a Chicagoan, Samuel Levin contributed immeasurably to the improvement of our city. In 1910, he was one of the leaders in the great strike of 40,000 Chicago clothing workers, directed against low wages, sweatshop conditions, and inhuman exploitation. Out of that strike came an era of industrial democracy and arbitration which has been a model in the industrial relations history of our nation. Samuel Levin played a crucial part in the development of that era.

In 1914 and 1915, Samuel Levin joined other great Chicagoans—Sidney and Bessie Hillman, Frank Rosenblum, Anzuino Marimpietri, Sidney Rissman and other clothing workers, aided by Jane Addams, Ellen Gates Starr and other Chicagoans—in forming the Amalgamated Clothing Workers, which has been a pioneer organization in industrial statesmanship, improvement of wages and working conditions, unemployment insurance, illness insurance, union health centers, aid to the elderly, labor education, labor banking, labor housing, and labor political participation in American life.

Samuel Levin was a national vice-president of Amalgamated Clothing Workers of America until his retirement. For 34 years, Samuel Levin was manager of the Chicago Joint Board of Amalgamated Clothing Workers of America, a council of the local unions in Chicago.

He headed both the Illinois and the Cook County Councils of the Congress of Industrial Organizations. He was chairman of the board of Amalgamated Trust & Savings Bank.

As a citizen of Chicago, he was twice a member of the Board of Education, and he contributed in countless ways to the civic, educational, cultural and economic life of Chicago. He was a staunch supporter of American democracy, and an opponent of totalitarianism of both the right and the left.

Life in Chicago is better for all Chicagoans because of the contributions of Samuel Levin, his character, compassion, insight, unselfishness, and persuasive personal eloquence.

Now, Therefore, Be It Resolved by the City Council of the City of Chicago, That the City of Chicago notes with heavy sorrow the loss of her beloved citizen, Samuel Levin; publicly acknowledges his great achievements; and extends deep sympathy to his widow, his children, his grandchildren, and to all the members of both his personal family and the family of Amalgamated Clothing Workers of America.

On motion of Alderman Despres (seconded by Alderman Sperling) said proposed resolution was *Adopted,* unanimously, by a rising vote.

While making his motion to adopt, Alderman Despres stated that little could be added to the fine tribute to the late Mr. Levin expressed in the resolution praising his personal integrity and long record of achievements in the field of labor and civic progress. He commented, however, on the loss sustained by the Mayor of a personal admirer, the people of the city of an outstanding citizen, and the members of his union of a devoted leader whose memory would long be cherished for the social progress he had pioneered.

In his seconding address Alderman Sperling expressed his admiration for the late union leader, who had organized the immigrants who gravitated to the needle and textile trades at the turn of the century and secured for them many benefits which became the basis for national, state and local legislation embracing workers in all trades. He also stated that through the cooperation and generosity of Mr. Levin's union in difficult financial stress, it was demonstrated to the nation that management and labor can and should work together to the best interests of both.

Before declaring the resolution adopted Honorable Richard J. Daley, Mayor, stated that he wished to join the aldermen in expressing his sense of personal loss of a respected friend as well as a civic and labor leader, who through the years never lost his interest in all people, citing an instance when he had encountered the late Mr. Levin engaged in lively discussion with his neighbors extolling the excellence of his beloved city. He joined the Aldermen in extending condolences to the bereaved family and his many friends.

PRESENCE OF TWO CHICAGO MEMBERS OF FOOTBALL HALL OF FAME AND OTHER DISTINGUISHED GUESTS.

By unanimous consent, Honorable Richard J. Daley, Mayor, called the City Council's attention to the presence in the Council Chamber of a number of distinguished guests and thereupon called to the rostrum Mr. John L. "Paddy" Driscoll, Mr. Sid Luckman, Mr. Norman Stepelton, Mr. Patrick O'Malley, Mr. Irving Kupcinet, and Mr. Ted Erikson.

Tribute Paid to John L. "Paddy" Driscoll.

By unanimous consent Honorable Richard J. Daley, Mayor, requested the Clerk to read the following proposed resolution presented by Alderman Rosenberg:

WHEREAS, The City Council of the City of Chicago has been advised of the selection and induction of John L. "Paddy" Driscoll into the Football Hall of Fame on Sunday, September 12, 1965; and

WHEREAS, Paddy Driscoll has been a football institution in the City of Chicago from the days of World War II to the present day as an outstanding player and coach; and

WHEREAS, Paddy Driscoll more than any other player-coach in Chicago's history has made Chicago the football capital of the world; and

WHEREAS, Paddy Driscoll has throughout his life been an inspiration to all sports-minded youth of Chicago; now, therefore,

Be It Resolved, That the Mayor and the members of the City Council of the City of Chicago hereby express their congratulations to John L. "Paddy" Driscoll and extend to him their best wishes for his continued success.

On motion of Alderman Rosenberg the foregoing proposed resolution was *Adopted,* unanimously.

Alderman Rosenberg addressed the Council, stating there was little that could be added to the compliments contained in the resolution since Mr. Driscoll was well known not only to Chicagoans as an outstanding citizen but to all football fans for his exploits on football fields over a period of many years.

Mr. Driscoll thereupon addressed the Council, stating that he was honored to be selected to Football's Hall of Fame, not only for himself, but for all Chicagoans as well. He related amusing incidents in his football career and thanked the Mayor and the City Council for the compliments contained in the resolution and the invitation to attend the meeting.

Honorable Richard J. Daley, Mayor, thereupon presented to Mr. Driscoll an engrossed copy of the resolution adopted by the City Council.

Tribute Paid to Sid Luckman.

By unanimous consent Honorable Richard J. Daley, Mayor, requested the Clerk to read the following proposed resolution presented by Alderman Rosenberg:

WHEREAS, The City Council of the City of Chicago has been advised of the selection and induction of Sid Luckman into the Football Hall of Fame on Sunday, September 12, 1965; and

WHEREAS, Sid Luckman has been an outstanding inspiration for the youth of the City of Chicago in an enviable sports career as quarterback for the Columbia University Lions and for many years as quarterback for the Chicago Bears in the period of their greatest achievement; and

WHEREAS, Subsequent to his active participation in sports, Sid Luckman contributed to the civic and business affairs of our community; and

WHEREAS, The selection of Sid Luckman to the Hall of Fame has brought a much deserved honor not only to Sid Luckman but also to the City of Chicago and its Chicago Bears; now, therefore,

Be It Resolved, That the Mayor and the members of the City Council of the City of Chicago hereby express their congratulations to Sid Luckman and extend to him their best wishes for his continued success.

On motion of Alderman Rosenberg (seconded by Alderman Danaher) the foregoing proposed resolution was *Adopted,* unanimously.

Alderman Rosenberg addressed the Council, praising Mr. Luckman not only as an outstanding civic leader, businessman, football player and coach but for the humility, generosity and kindness which are some of the many fine characteristics reflected in his relations with his fellowmen. He concluded by stating that Mr. Luckman is to football what Mr. Adlai Stevenson was to politics.

Mr. Luckman thanked the Mayor and Aldermen for the recognition accorded his entry into Football's Hall of Fame, an honor he stated he valued the more because of Mr. Driscoll's entry at the same time. In his remarks he expressed his loyalty to Mr. George Halas for the coaching he had received from him when he played on the Bear team and he promised winning games for the Chicago Bears in the current season. He concluded by praising Mayor Richard J. Daley for the many achievements of his administration and expressed the hope that he would continue to serve as chief executive for as long as his health or desire permits.

Honorable Richard J. Daley, Mayor, thereupon presented to Mr. Luckman an engrossed copy of the resolution adopted by the City Council.

AWARD OF MEDAL OF MERIT TO MR. TED ERIKSON.

Honorable Richard J. Daley, Mayor, thereupon stated that because of the historic swim of Mr. Ted Erikson, on September 21, 1965, when the thirty-seven year old staff member of the Illinois Institute of Technology swam across the English Channel to France and back, it was fitting that the City of Chicago confer upon him a Medal of Merit.

The Mayor then presented the award.

Upon accepting the award Mr. Erikson expressed his appreciation for the facilities the City and the Chicago Park District extended to him through his long and disappointing years of training, cited his reasons for persisting in the attainment of his goal, and concluded by thanking the Mayor and the Aldermen for the official recognition of his feat.

The Mayor responded by expressing his pleasure in

making the award because it demonstrated that excellence in scholarship can also be accomplished by participation and excellence in sports.

Thereupon Mr. Stepelton, Mr. O'Malley and Mr. Kupcinet briefly addressed the Council, expressing appreciation for the invitation to be present at the meeting at which the City Council officially recognized the honor the three outstanding sportsmen had brought to the City of Chicago. They complimented the Mayor for the progress the city has made under his guidance in every field of endeavor and wished him a long tenure as the city's chief executive.

REPORTS AND COMMUNICATIONS FROM CITY OFFICERS.

Tribute Paid to Late Edward W. Parlee.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

WHEREAS, God in His infinite wisdom has called to his eternal rest Edward W. Parlee, who for the past twenty years has represented the people of Chicago as a most competent and able Assistant Corporation Counsel; and

WHEREAS, Edward Parlee, one of the most gentle and unassuming of men, has, through a long succession of demanding activities, left with us an unforgetable impression. Unconsciously he commanded the instinctive respect and affection of all who knew him as associate, advisor, civic worker, lawyer, and friend. He had a deep affection and sense of loyalty to his city. For thirty-five years, as precinct captain, he worked toward the civic and educational development of his community and served as vice president and member of the executive board of his ward organization.

During World War I, he served in the United States Navy. Throughout the years that followed, his interest and work in behalf of the veterans was untiring. He became Commander of the Rogers Park Post of the American Legion and Judge Advocate of the Seventh District of the American Legion and Cook County Council, which embraced all of the American Legion posts in Cook County.

In 1945 Edward Parlee was appointed Assistant Corporation Counsel and since 1955 he was head of the General Counsel Division of the Law Department. His tenure in the Law Department constitutes a record of acknowledged legal ability, unquestioned integrity and outstanding trial ability. He was eminently fair, unfailingly courteous, scrupulously painstaking. In the field of admiralty and zoning law he was an expert and he served as advisor to the Committee on Buildings and Zoning and the Building Commissioner. The City of Chicago has lost a fine lawyer, a valued employee, a loyal friend.

Therefore Be It Resolved, That the Mayor and the City Council of the Ctiy of Chicago hereby express their deep appreciation of the many years of service which Edward W. Parlee rendered to the City of Chicago, and extend to his bereaved widow, Marian Parlee, their sincere sympathy.

Alderman Wigoda moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the foregoing proposed resolution. The motion *Prevailed.*

On motion of Alderman Wigoda (seconded by Aldermen Hoellen and Condon) said proposed resolution was *Adopted,* unanimously, by a rising vote.

Alderman Wigoda addressed the Council eulogizing the memory of the late Assistant Corporation Counsel, whose legal ability, integrity and courtesy were matched by his interest and activities in civic affairs. As a former Commander of Rogers Park Post of the American Legion and member of the Rogers Park and Edgewater Community Councils he was actively involved in all matters affecting the welfare of his community. He expressed sorrow for himself for the loss of an honored personal friend and for the people of Chicago for the loss of an outstanding public servant.

Aldermen Hoellen and Condon in their seconding speeches also expressed their sorrow at the sudden passing of Mr. Parlee, whom they would always remember for his ability and unfailing courtesy in cooperating with them on zoning and other municipal problems. They joined Alderman Wigoda in extending sympathy to the bereaved family.

Honorable Richard J. Daley, Mayor, also expressed his sorrow at the sudden death of Mr. Parlee and stated that the people of Chicago were indebted to him for the ability and devotion which had marked his service in the Department of Law.

Appreciation of People of Chicago Expressed to Pope Paul VI on Visit to Our Country for Delivery of Peace Message, and Invitation to Visit Chicago Extended.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council submitted the following proposed resolution:

WHEREAS, The historic visit of His Holiness Pope Paul VI to the United States of America to address the countries of the world assembled in the United Nations cannot go unnoticed by this great deliberative body of the City of Chicago; and

WHEREAS, The coverage by the media of com-

munications was outstanding and permitted us all to hear the message of His Holiness calling upon all countries of the world to work toward peace; and

WHEREAS, The expressions of His Holiness that eradication of illiteracy, poverty and disease offers the best hope for attaining lasting world peace demands the dedication and best efforts of every citizen of this country to participate in this most important work on behalf of mankind; and

WHEREAS, The example of profound judgment, his leadership within the church, the relevancy of the teachings he espoused to the times in which we live provides an inspiration to all of us; now, therefore,

Be It Resolved by the Members of the City Council of the City of Chicago, That we express our gratitude to His Holiness for paying us the honor of visiting our country and speaking forth with such clarity on the simple aspirations of all men to live in decency, to practice their faith, to be free of ignorance, disease and want; and

Be It Further Resolved, That we express the desire of the peoples of the midwest to receive His Holiness into our midst and express our hope that upon his return to this country the people of Chicago might be able to greet him personally.

Unanimous consent was dispensed with, and on motion of Alderman Keane (seconded by Aldermen Murray, Campbell, Wigoda, Sperling, J. P. Burke, Holman, Buchanan, Danaher and Lupo) said proposed resolution was *Adopted,* unanimously.

Alderman Keane and the seconding aldermen each addressed the Council to express his approval and personal endorsement of the teaching contained in the Holy Father's peace message. They expressed pleasure in the knowledge that the Mayor of Chicago was present at the papal mass offered for peace in our time, based on justice and charity towards men of all races and creeds, and they emphasized their hope that the spirit of good will and brotherhood exhibited during the Pope's visit would be of lasting duration.

MISCELLANEOUS COMMUNICATIONS, REPORTS, ETC. REQUIRING COUNCIL ACTION (TRANSMITTED TO CITY COUNCIL BY CITY CLERK).

The City Clerk transmitted communications, reports, etc., relating to the respective subjects listed below, which were acted upon by the City Council in each case in the manner noted, as follows:

Court Decisions.

Also two communications from the Corporation Counsel informing the City Council as to court decisions in the causes noted, which were *Placed on File,* as follows:

Richard J. Daley, Local Liquor Control Commissioner, vs. *License Appeal Commission* and *11 E. Ohio Corporation,* Licensee, *Appellate Court No. 49963.* On September 16, 1965, the Appellate Court filed its opinion on an appeal taken from the Circuit Court of Cook County affirming decision of the License Appeal Commission, wherein the Commissioner refused issuance of a retail liquor license to the 11 E. Ohio Corporation on grounds that the tavern at the location had a bad reputation and that its president Maurice Ohren lacked good moral character. The Corporation appealed to the Commission and after a trial de novo, reversed the Commissioner and denied its motions for rehearing. The License Appeal Commision after testimony found that the license application had been improperly denied. The Circuit Court came to same conclusion and upheld the Commission's finding. In the instant case no testimony was offered as to the tavern's reputation and none as to the bad character of Maurice Ohren.

City of Chicago, a municipal corporation, Plaintiff-Appellant, vs. *Max Zellers, Defendant-Appellee. Appellate Court No. 50027.* On September 23, 1965, The Appellate Court on the same date had filed its opinion in the above entitled cause. The Court sustained a judgment in favor of the City on an appeal from the Circuit Court of Cook County, Municipal Department, wherein the original defendant, Max Zellers was found guilty of permitting an open excavation on his property in a dangerous

condition and in violation of the nuisance chapter of the Municipal Code of Chicago. The defendant had been issued a building permit found to be erroneously issued and on the same date of issue, revoked and cancelled. The Appellate Court held that defendant violated the nuisance ordinance, was not entitled to the building permit which was properly revoked and was not entitled to attack the constitutionality of the Zoning Ordinance for the reason he had not exhausted his administrative remedies by appealing for an authorized and proper variation of the zoning law before the Zoning Board of Appeals.

WHEREAS, Thousands of our Senior Citizens, now in the twilight of life, have contributed immensely to the growth and development of our City, State and Nation; and

WHEREAS, Twenty-two thousand of these elderly persons who receive Social Security benefits were granted an increase of seven percent by Congress; and

WHEREAS, Many of these loyal citizens have, through no fault of their own, been forced to seek State aid to supplement their Social Security payments in order to provide for the bare necessities of life; and

WHEREAS, The Illinois Department of Public Aid, a State agency of our State, saw fit to deduct this modest increase from the supplemental aid given to these elderly persons who are receiving Social Security payments, and thereby rendering an added burden to those who have given the productive years of their lives to our great City, State and Nation; and

WHEREAS, It was the clear intent of the legislation passed by Congress that our elderly not be penalized because of the increase in Social Security benefits; now, therefore,

Be It Resolved by the City Council of the City of Chicago, That we urge the Illinois Public Aid Director, Harold O. Swank, to reconsider this action and restore these funds which will serve to make the lives of the more than twenty-two thousand elderly persons a bit more happy and comfortable.

Beginning at a point in the south line of the above described strip of land which is 87,567.27 feet north of and 186,332.41 feet east of the point of origin of the said co-ordinate system, thence southeasterly along a straight line for a distance of one thousand twenty-one and eighty-one one-hundredths feet (1021.81′) to a point 86,615.75 feet north of and 186,704.83 feet east of the point of origin of the said co-ordinate system, thence southerly along a curved line having a radius of two hundred feet (200′) convex to the northeast, for a distance of fifty-four and eleven one-hundredths feet (54.11′) to a point 86,563.32 feet north of and 186,717.54 feet east of the point of origin of the said co-ordinate system, thence southeasterly along a straight line for a distance of four hundred eighty-six and eighty-five one-hundredths feet (486.85′) to a point 86,079.04 feet north of and 186,767.38 feet east of the point of origin of the said co-

ordinate system, thence southeasterly along a curved line having a radius of eighty-five feet (85′) convex to the southwest for a distance of thirty-nine and thirteen one-hundredths feet (39.13′) to a point 86,042.36 feet north of and 186,780.07 feet east of the point of origin of the said co-ordinate system, thence southeasterly along a straight line for a distance of two hundred nine and ninety-two one-hundredths feet (209.92′) to a point 85,864.85 feet north of and 186,892.12 feet east of the point of origin of the said co-ordinate system as shown on Exhibit "A" and marked "Temporary Easement".

The foregoing easements are subject, however, to the following conditions:

1. The City agrees that the work of installing and maintaining said sewer, outfall structure, diversion chamber and manholes shall be done and completed in a good and workman-like manner and in accordance with plans and specifications as prepared by the City, a copy of said plans and specifications to be furnished Grantor before starting of any work by City, all at the sole expense of City.

2. The said sewer, outfall structure, diversion chamber and manholes shall be built in open cut. Manholes are to be located approximately as shown on said Exhibit "A", but others may be built with the approval of the Grantor. The city agrees that if the elevation of the ground at the manholes be changed, that it will at its own expense add to or cut down said manholes to correspond with the grade to be established at the surface of the ground. Upon completion of said sewer, outfall structure, diversion chamber and manholes, the surface of the ground, including existing roads, shall be restored by the City to the conditions existing on the date of the execution hereof.

3. Grantor hereby agrees that City at its sole expenses may remove and restore the two existing railroad tracks, namely Track No. 3 and Track No. 5, which cross the proposed sewer construction. However, Track No. 5 shall not be out of service for a period longer than fourteen (14) calendar days. Grantor shall be given ten (10) days notice prior to any track removal.

4. Grantor further agrees that City may construct and maintain at its expense a temporary roadway for the purpose of detouring vehicular traffic from W. 127th St. during construction of the sewer and structure at that location. After vehicular traffic has been restored to W. 127th St., City shall remove the temporary roadway and restore the surface of the ground to its previous condition, as near as may be.

5. The chain link fence which must be removed due to sewer construction shall be replaced in kind in its original location immediately after completion of the sewer.

6. City assumes and agrees to pay for all loss, damage, injury or death, including costs and expenses incident thereto, caused to any person including Grantor, or to the property of any person including Grantor, by or during the construction of said sewer or by the maintenance and repair thereof, or by its presence or use upon the property of Grantor, or caused by any defect in or failure of said sewer; and City shall forever indemnify Grantor against and save him harmless from all liability for any such loss, damage, injury or death.

In case any suit shall be brought against Grantor, on account of any such loss, damage, injury or death, the City agrees at its own expense to assume the defense thereof and to pay any and all judgments recovered against Grantor, or costs incurred by him on account of any such suit; provided, however, that in case any suit be brought against Grantor for any such loss, damage, injury or death, Grantor, providing he has been served with proper summons, shall at least ten (10) days before the return date of the summons give notice in writing of any such suit and of such service to the Mayor or City Clerk of City in order that City may make a proper defense.

7. That Grantor retains the right to the full use and enjoyment of said property, subject only to the occupancy thereof by the sewer hereinbefore referred to. It is specifically agreed that, at any time after the expiration of said temporary easement granted to City, the Grantor may install or construct any railroad tracks, buildings or other structures upon or across said permanent easement, and he may alter or reconstruct, or remove or replace, any such railroad tracks, buildings or other structures, and may cross the ground occupied by said permanent easement for any and all purposes, Grantor's enjoyment of said rights being subject only to the conditions that Grantor's construction work shall not thereby, obstruct or interfere with the operation of said sewer, or place a uniform load in excess of 2500 lbs. per square foot on the crown of said sewer. Grantor shall deliver to the Chief Engineer of the Department of Public Works of the City any Plans for construction work to be done over the sewer, but the delivery of such plans shall not be construed as giving the City any right to object to any construction which does not interfere with or overload the sewer as stated immediately above.

In the event future construction by Grantor necessitates adjusting, abandoning and/or relocating manholes on said sewer, with the exception of those attached to the diversion chamber, City hereby agrees to perform such work at its expense.

8. Grantor reserves the right to connect to said sewer under the rules and regulations of Bureau of Sewers of the City of Chicago.

9. The authority hereby granted to City is not assignable or transferable, and shall cease if the said sewer shall be abandoned, or shall cease to be used for sewer purposes, or if said sewer shall not be laid, constructed and installed within a period of five (5) years from the date of this instrument.

This Agreement shall run with the land and be binding upon the grantees, lessees, successors, and assigns of the parties hereto, unless terminated by the abandonment of the sewer or the failure to construct it as specified above.

In Witness Whereof, as of the day and year first above written, the parties hereto have caused these presents to be executed in duplicate.

[Signature forms and Exhibit "A" omitted]

SECTION 2. That the City Comptroller is hereby directed to accept delivery of said agreement when fully executed and to file the same of record.

SECTION 3. This ordinance shall be in force and effect from and after its passage.

COMMITTEE ON LOCAL TRANSPORTATION.

Placed on File—ANNUAL REPORT OF COMMITTEE ON LOCAL TRANSPORTATION.

Alderman Marzullo as Chairman of the Committee on Local Transportation submitted the following communication, which was, together with the committee's annual report transmitted therewith, *Placed on File:*

Honorable Richard J. Daley, Mayor,
and Members of the City Council,
City of Chicago:

GENTLEMEN—The Committee on Local Transportation herewith submits its annual report of activities in the field of mass transportation for the year 1964.

The Committee, thru its Staff investigates and recommends to the City Council, legislation which in its judgment is appropriate or necessary in the operation of mass transit within the corporate limits of the City of Chicago.

The Chicago Transit Authority being the principal agency with which the Committee is concerned, the Staff checks the operations of the Surface and Rapid Transit divisions of that facility to ascertain if service rendered is adequate to meet requirements of the riding public.

The Committee Engineer meets periodically with the Board of the Chicago Transit Authority presenting data gathered by the Staff in support of the City's position, and this is an effective means of settling amicably any controversial matters which may arise between the Authority and the Committee.

In the matter of the operation of other bus companies of a special nature such as school buses, sightseeing buses etc. it is the function of the Committee to recommend to the City Council legislation prescribing operating rights over city streets, rules of safety in construction of buses for school children, etc.

Railroads continue to petition the Illinois Commerce Commission for relief from unprofitable suburban operations due to a continuing loss of patronage resulting from competition from buses and the private automobile. The Staff presents data at these hearings to forestall service cuts which are regarded as inimical to the interests of the riding public.

The yearly cordon count of vehicles and pedestrians in the Central Business District to determine the density of traffic in this area is participated in by members of the staff. Our men are stationed on the fringe of the Loop to obtain data by which it is possible to determine the character and density of traffic entering and leaving the District.

The Staff continues to check periodically for violations of section 129-55.3 of the City Code which prohibits the operation of trucks carrying flammable materials on streets under which subways are located. As a result of these checks there has been a significant decline in the number of violations of this important ordinance.

The Committee acknowledges with thanks the cooperation of other city departments as well as civic organizations in connection with its activities.

Also I wish to commend the members of the Staff for their efforts during the past year.

Respectfully submitted
(Signed) ROBERT J. SULSKI,
Vice-Chairman.

The motion *Prevailed.*

Alderman Keane thereupon moved to *Grant Permission* to the television and radio industries to bring their equipment into the Council Chamber and to televise and record the proceedings of this meeting. The motion *Prevailed.*

Prayer.

In the absence of a clergyman, at the request of Honorable Richard J. Daley, Mayor, Alderman Keane read the age old Prayer of Peace composed by St. Francis of Assisi.

WHEREAS, Laird Bell's long and diversified career, spanning sixty years, was one of significant accomplishment in the fields of education, law, journalism and government. He devoted much of his considerable talent to the work of Harvard University and the University of Chicago. For a time he served as president of the Chicago Daily News. He served his country as an alternate delegate to the United Nations, and for his civilian service during the war years, he was awarded service medals from the United States government, and a decoration by the British government; and

WHEREAS, He was president of the Chicago Council on Foreign Relations and headed the Chicago Community Fund and the National Merit Scholarship Corporation. No service was too time-consuming or too demanding but that he undertook it with devotion and completed it with success. His contribution has been great and his loss will be deeply felt; now, therefore,

Be It Resolved, That the Mayor and the City Council of the City of Chicago hereby express their sense of loss on the death of Laird Bell, and extend their sympathy to the members of his family.

Alderman Keane moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the foregoing proposed resolution. The motion *Prevailed.*

On motion of Alderman Keane said proposed resolution was *Adopted,* unanimously, by a rising vote.

In making his motion, Alderman Kean paid tribute to the memory of Mr. Bell, whose unstinting contribution of his time, talents and energy to many charitable, educational and civic enterprises of benefit to the city had left an impressive record as an outstanding Chicagoan.

Congratulations Extended to Col. Jacob M. Arvey on Attainment of Seventieth Birthday.

By unanimous consent, Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

M. Arvey on the occasion of his seventieth birthday with the fond hope that he will have many more years of good health and happiness.

Alderman Keane moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the foregoing proposed resolution. The motion *Prevailed.*

On motion of Alderman Keane (seconded by Aldermen Sperling, Wigoda, Collins, Rosenberg, Murray and Campbell) said proposed resolution was *Adopted,* unanimously, by a rising vote.

Alderman Keane and the seconding aldermen recalled their many pleasant associations with Colonel Arvey not only as a colleague in the City Council and as Chairman of the Committee on Finance but in their personal relations when they sought his counsel on various problems. They also recalled their admiration for his patriotism when he entered military service in World War II although he was beyond the required age of service and their pleasure that upon his return he again entered the political arena as a Commissioner of the Chicago Park District. They joined the Mayor and his many friends in extending best wishes for a happy birthday and for many years of continued happiness.

National Bank, vice president and trustee of the School of Domestic Arts and Sciences; and

WHEREAS, John S. Miller was a man with deep civic interests, who spent much of his time and energies in civic activities. He took an active part in the work of the Juvenile Protective Association, the Illinois Society for Mental Hygiene and the National College of Education. For eight years he served as a member of the Chicago Transit Authority. In every capacity he gave freely of his exceptional abilities; a fine legal mind coupled with a deep sense of civic obligation.

During World War I, John S. Miller served with the United States Army as a major in field artillery, and after the war, he was one of the founders of the American Legion. His accomplishments will long remain an eloquent testimonial; now, therefore,

Be It Resolved, That the Mayor and the City Council, by this resolution spread upon the record of the Proceedings of the City Council of the City of Chicago, hereby express their sense of loss on the death of John S. Miller, and express their sincere sympathy to the members of his family.

By unanimous consent, Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

WHEREAS, Professional football fans of Chicago and throughout the nation have been thrilled by the stunning upset victory of the Chicago Bears over the Green Bay Packers in the torrid National Football League competition; and

WHEREAS, The Bear's triumph represented the first loss of the season by Green Bay and gave rise to well-founded hopes that the Chicago team may bring another National League championship to our city; and

November 6, 1965 Proclaimed Day of General Manifestation by All Chicagoans of Loyal Support of U.S. Military Forces in Viet Nam.

By unanimous consent, Honorable Richard J. Daley, Mayor, submitted the following proclamation:

WHEREAS, United States Military Forces are engaged in combat in Viet Nam as they assist the people of Viet Nam defend themselves against the invading hordes of Viet Cong who would, as a part of the Communist master plan for world domination, make it one more slave nation; and

WHEREAS, The policy of our government as established by the Congress of the United States and implemented by Presidents, Eisenhower, Kennedy and Johnson, is to contain Communism wherever it attempts to extend its sphere of influence with the purpose of enslaving a people; and

WHEREAS, The spirit of the people of Chicago as well expressed on the bronze plaque displayed in the first floor lobby of the City Hall, where is inscribed "The American Creed" a part of which

prescribes the belief it is our duty to our country to love it; to support its constitution; to obey its laws; to respect its flag, and to defend it against all enemies; and

WHEREAS, A few misguided individuals who confuse freedom with license have occasioned wonderment among our heroic forces on the firing line as to why they are not receiving the wholehearted support of the people back home; and

WHEREAS, There is in Chicago a rising tide of indignation that there are people who are so lacking in Americanism that they would give aid to the Communists by creating an impression throughout the world that the American people are not in favor of our governments' policy and who would attempt to lessen the patriotic fervor of our Servicemen who are heroically making immeasurable sacrifices for the perpetuation of the freedom which is ours; and

WHEREAS, There will come to Chicago on Saturday, November 6th, the 5000 cadets from the United States Military Academy at West Point and the Air Force Academy at Colorado Springs, the leaders of our Defenders of tomorrow, the successors to Grant, Lee, Stonewall Jackson, Eisenhower, MacArthur, Patton and Bradley, to participate in a football game between the two Academies and the ceremonies which mark this spectacular event and whose presence in Chicago affords us the opportunity to build a great demonstration of the patriotic fervor which is inbred in all loyal Chicagoans;

Now, Therefore, I, Richard J. Daley, proclaim Saturday, November 6th, 1965, to be a day when the people of Chicago will give public manifestation of their support of our Viet Nam Forces by participating in programs to honor our Servicemen engaged in combat in that besieged land. I urge that the United States flag be flown over our homes and office buildings; that an enormous outpouring of our people come to State Street and Michigan Avenue to be spectators as the magnificent marching forces of our Military Academies parade in salute to the men in Viet Nam and to be in attendance at the hotly contested football game between the Army and Air Force teams which will be played in Soldier Field that afternoon. No teams anywhere play harder football—for they are inspired by the Service Academies' Creed—"When the going gets tough, the tough get going".

Alderman Campbell (seconded by Alderman Hoellen) moved to *Suspend the Rules Temporarily* in order that the City Council might concur in the sentiments expressed in the foregoing proclamation.

Alderman Despres presented a written motion to amend the proclamation of the Mayor by adding a new paragraph thereto.

Alderman Keane raised a point of order that the matter under consideration was a motion to concur in the sentiments of the proclamation of the Mayor and therefore the proclamation could not be amended.

The Chair declared the point of order *well taken.*

On motion of Alderman Campbell (seconded by Alderman Hoellen and Alderman Keane) the sentiments expressed in the Mayor's proclamation were concurred in, by yeas and nays as follows:

Yeas—Aldermen Parrillo, Metcalfe, Holman, Despres, Miller, Bohling, Condon, Lupo, Buchanan, Danaher, Zelezinski, Healy, J. P. Burke, Krska, Murray, Fitzpatrick, Campbell, Yaksic, Tourek, Collins, Marzullo, Zydlo, Sain, Provenzano, T. F. Burke, McMahon, Keane, Sulski, Brandt, Sande, Laskowski, Aiello, Casey, Cullerton, Laurino, Kaplan, Scholl, Goldberg, Bauler, Rosenberg, Fifielski, Kerwin, Hoellen, O'Rourke, Wigoda, Sperling—46.

Nays—None.

Execution of Agreements Authorized with State of Illinois, County of Cook and Chicago Park District for Improvements of Portions of N. Lake Shore Drive and S. Lake Shore Drive, Etc.

On motion of Alderman Keane the City Council took up for consideration two proposed ordinances, consideration of which were deferred and ordered published at the meeting of the City Council on October 22, 1965, noted on pages 5292-5293 of the Council Journal (the proposed ordinances having been printed in Committee Pamphlet No. 6).

—

At this point in the proceedings Alderman Keane stated that Honorable Richard J. Daley, Mayor, requested permission to make a statement concerning Lake Front Improvements in cooperation with the Chicago Park District and moved that said statement be published in the Journal of the Proceedings.

The following is the statement as read by the Mayor:

November 2, 1965.

GENTLEMEN:

Since the publication of the basic policies for the Comprehensive Plan of Chicago, the Department of Development and Planning has been carrying forward detailed studies of the several elements of the city's Comprehensive Plan including the lakefront. This statement of development policies for the lakefront, prepared by the Department of Development and Planning, is being submitted to the Chicago Plan Commission for review. The Commission, in accordance with its responsibilities under the Municipal Code, will hold public hearings which will assure full discussion, clarification, and any needed revisions before a detailed lakefront study is begun.

To insure the best possible decisions in making lakefront improvements, the City, in cooperation with the Chicago Park District, will prepare a detailed lakefront plan and program. For this purpose, the Park District has agreed to appropriate $100,000 in its 1966 budget.

The administration of the study will be the responsibility of the Department of Development and Planning in cooperation with the Park District and other agencies involved in making improvements to the lakefront. The study objective will be to prepare a specific plan for lakefront development, including matters of esthetics, design, engineering, cost and financing. Consultants and professional people with the highest qualications will work with the City to assure the best possible plan and program. A time schedule for completing the study has been set for as early as possible in 1967.

While the study proceeds, some development activities on the lakefront must also be undertaken to meet immediate needs. Any such project will be referred to the Department of Development and Planning and reviewed by the City Plan Commission.

It should also be noted that implementation of policies for the lakefront through the development

of specific programs will be paralleled by study and programming by the Department of Development and Planning to continue to expand new park land in neighborhood areas. Providing adequate open space and playgrounds for the residential communities as well as the preservation of the lakefront for recreational purposes of the City is a basic policy and a major improvement objective for Chicago.

The Department of Development and Planning presents in this report first a statement of fundamental policies for the lakefront as a whole. Second, it indicates general policy guideline for the total lakefront that should be resolved by the proposed lakefront study. Third, it describes guidelines that should be used in studying the various sectors of the lakefront.

This statement is issued with recognition that a high priority is placed on meeting recreation needs in all parts of the city. This timing reflects the urgency of providing policy guidance for decisions affecting the lakefront which will be made in the immediate future.

The proposed lakefront study will be paralleled by similar studies of the river frontages and neighborhood park needs of Chicago's communities.

Although the federal government may provide a major portion of the funds required, the pace at which new recreational facilities can be provided will depend upon the willingness of the people of Chicago to support the large local expenditures required. The study will report on the expenditures needed to attain desirable levels of accomplishment over the next ten years.

Development Policies Statement for the Chicago Lakefront Prepared for Submission to the Chicago Plan Commission by the Department of Development and Planning.

Introduction

Chicago's lakefront, as a recreational resource and as an object of natural and man-made beauty, is a uniquely vital asset for the city and the region. It has been the subject of concern and action by the Chicago Plan Commission and other public agencies and civic groups for more than half a century. The lakefront as it exists now represents the contributions of some of the world's leading designers working in conjunction with public officials and civic leaders over a period of decades. Protecting this heritage and assuring its best future development continues to be of major significance today.

Lakefront Policies

General policies of the City of Chicago pertaining to lakefront development have been expressed in various resolutions and public documents. The governing policy for the lakefront was confirmed in the statement in the 1964 *Basic Policies for the Comprehensive Plan of Chicago.* "The Comprehensive Policies Plan strongly reaffirms the 1948 Chicago Plan Commission Lakefront Resolution, which declared that the entire lakefront should be used for recreational and cultural purposes, except for the sections between Grand Avenue and Randolph Street, and south of 79th Street." All development plans for the lakefront must be guided by this basic policy.

Following are additional major fundamental policy elements on which there has been, and continues to be, very substantial agreement, although these have not all been explicitly stated:

— The use of the lakefront for land and water recreation should be increased, to provide a wider range of active, all-season facilities in convenient locations.

— The amount of lakefront park land should be increased to meet regional and local needs. Existing lakefront parks should be expanded, and new park land should be developed along other sections of the lakefront.

— To make major facilities fully accessible, public mass transportation service to the lakefront should be improved.

— Pedestrian access to the lakefront should be improved, by increasing the number of crossings and by otherwise reducing the barrier effects of parkways and railroads which now extend along or through the parks.

— Lake Shore Drive should continue to serve three different functions: as a means of access to lakefront cultural and recreational facilities, as a parkway which provides a pleasant and interesting driving experience, and as a link in the city's highway system in the section between Hollywood Avenue and 67th Street. As a limited access route through the lakefront parks, special criteria for design are appropriate and necessary.

— The highest standards of purity of air and water must be maintained along lakefront parks, requiring strict control of possible sources of pollution.

— Because of the special nature of the public interest in the lakefront, extensive development controls are needed and cannot be relaxed if the city is to assure that each public or private project makes an optimum contribution to development of the lakefront and adjacent districts.

Framework of Principles for Lakefront Study

As the lakefront study is undertaken, it will be necessary to deal with additional, somewhat more specific policy considerations on two levels: those that pertain to the lakefront as a whole and those that pertain to sectors of the lakefront. The Basic Policies report set forth fundamental principles for the lakefront as a whole. This statement expands upon the concept of sectors as a means of defining policy for lakefront development.

The sector approach recognizes the fact that various parts of the lakefront have been developed in different ways and that they have varying potentials for new development, based on their location in relation to commercial or residential areas as well as their accessibility by transportation and lakefront uses. While an over-all concept of design and development for entire lakefront is necessary, the study should also deal with desirable differences in character among sections.

Three main sectors are defined here: North (above North Avenue), Central (between North Avenue and 26th Street), and South (below 26th Street). Within each sector, some sub-sectors are identified because of their varied present character and their varied potential for relating development of the lakefront to development of adjoining commercial districts or residential communities.

Guidelines for Study of the Total Lakefront

Park Expansion. The Basic Policies report provides for the addition of a minimum of two square miles of lakefront park land. New recreation facilities would be created, primarily by filling land in the form of peninsulas, with boating and beach facilities, from Hollywood Avenue to the city limits on the north side and between Jackson Park and Rainbow Beach on the south side. Additional

park land would be filled in adjacent to Lincoln Park, Burnham Park, and Jackson Park.

The study will consider in more detail the actual amount of additional land and water recreation facilities needed in each sector and the physical form they should take. Illustrative plans will be prepared to show various ways of extending the lakefront so that more land would be made available for beaches, lagoons, harbors for recreational boating, and general recreation. The Basic Policies indicate a series of peninsulas, but in some sectors there may be other land forms that could achieve the same purposes more effectively.

DESIGN. The study will concern itself with the over-all design character of the Chicago lakefront and with the visual aspects of development—the impact of the skyline as seen from different angles and distances, the value of Lake Shore Drive as a scenic parkway, the "gateway" aspects of various points along the lakefront, and the visual effects of varying kinds of land fill expansion. The present pattern of a wall of high-rise buildings along some sections of the lakefront offers a striking urban character, but studies such as those conducted for the Illinois Central air rights indicate that other site designs are also desirable. The study will consider the possibility of these and other types of building arrangements for private development in areas near the lakefront and west of the drive. In addition, the study will recognize the importance of the quality of detail in designing lakefront developments. Such characteristics as the height of structures, the use of building materials, landscaping, and street furniture take on a special significance in projects on or near Chicago's shoreline.

ACCESS. Recommendations will be made for improving Lake Shore Drive as a multi-purpose roadway, as described above. Commercial and industrial vehicles will continue to be prohibited.

The study will consider ways of providing access to the lakefront as park facilities are expanded especially where major lake fill will occur. For pedestrians, and for equestrians and cyclists as well, improvements related to the drive should make the lakefront more easily accessible. Crossings to lakefront parks should be provided at closer intervals, possibly every quarter-mile in many sectors.

Frequent and adequate public transportation should be provided for the lakefront parks, particularly for major recreation centers. Convenient connections with east-west bus and transit lines should be developed. Recommendations will be developed for experimental programs of lakefront service to be undertaken by the Chicago Transit Authority.

The question of access to the lakefront by private automobile will also be explored. Parking facilities, where needed to serve centers of high-intensity activity, should be underground or in unobtrusive structures designed to blend with the landscape.

RECREATION FACILITIES. There should be a more widespread distribution of such special facilities as harbors, wildlife and nature areas, zoos, and museums along the entire lakefront. More harbors and marinas should be provided for recreational boating, and the development of off-shore islands for swimming, boating, and camping will be studied. Major recreation centers, including facilities that can be used throughout the year, should be provided in such easily accessible locations as the ends of mile streets. The study will consider various ways of meeting these objectives and recommend programs that would encourage a high degree of experimentation and innovation in expanding facilities.

NON-RECREATIONAL USE. Only cultural and recreational buildings should be permitted east of Lake Shore Drive, as planned for relocation, with the exception of the two areas noted in the 1948 Lakefront Resolution. National defense installations are inherently in conflict with lakefront recreational use because public access is restricted, land allocated for park is reduced, and structures above ground may be required. The need for a lakefront location for national defense purposes should be fully demonstrated, and the location and development criteria should assure minimum conflict with park objectives. The study will examine the possibility of alternative sites on or away from the lakefront for the present military installations.

Guidelines for Study by Sectors of the Lakefront

NORTH SECTOR (City limits to North Avenue)

City Limits to Hollywood Avenue. The contrasting edge where the shoreline immediately adjoins tall buildings stretches along this section just north of Hollywood. Needed new park land should be provided by extensive land fill in this subsector. Lakeshore designs should experiment with varied land and water patterns, which may retain the building wall effect.

Hollywood Avenue to Belmont Avenue. The drive runs along the west side of Lincoln Park in this section, which produces a major problem of access for residents in adjacent communities. Improved pedestrian crossings should also be provided here. Expansion of Montrose Harbor and beach facilities should be planned, and additional recreation centers scheduled.

Belmont Avenue to North Avenue. Lake Shore Drive lies on the lake edge of Lincoln Park in this section, and access to the shore from the high-density residential areas to the west is limited. Additional pedestrian crossings should be provided, linked with recreation centers in the park which serve local communities as well as the region as a whole. Lincoln Park is already intensively developed and attention will be given to revisions in circulation and in parking facilities.

CENTRAL SECTOR (North Avenue to 26th Street)

North Avenue to Grand Avenue. The dramatic setting of the high-rise buildings with the nearby edge of the lake is the unique quality of the section between North Avenue and Ohio Street. Future expansion of the beach at the foot of Ohio Street should be designed in a way that will preserve this relationship.

Grand Avenue to Randolph Street. This section, including the Illinois Central air rights, has great potential for development as a dramatic feature at the heart of the city, along the Chicago River. Public access to the shorelines of both the river and the lake should be maintained and extended, and facilities for recreational boating could be expanded. All new private development would be subject to thorough review by the Department of Development and Planning under Planned Development provisions of the Zoning Ordinance to assure a coordination of public and private development well related to the lakefront.

Grant Park. Grant Park provides a dramatic approach from the lake and a distinguished setting at the heart of the cultural center and adjacent to Chicago's Central Business District. The provisions of the Lakefront Ordinance are reaffirmed, and no buildings will be permitted. The park's future de-

velopment should provide for maintaining and enhancing its distinctive character, while increasing recreational use. The study will consider revisions in major traffic handling and the related proposals for covering the Monroe Street parking lot and railroad tracks will also be studied.

Roosevelt Road to 26th Street. The study of this section will include consideration of the future of Meigs Airport, in relation to all airport development in the metropolitan area; the future of Soldier Field as a sports and mass meeting facility; and access to major facilities via public transportation. Recommendations will be made regarding methods of redesigning the expanse of parking lots that now occupy land in Burnham Park.

The railroad right-of-way is wide along this subsector, and present development west of the railroad is primarily commercial and industrial. Any new construction over the railroad would be under the planned development procedure which would provide for coordination of private development with the lakefront park program.

SOUTH SECTOR (26th Street to city limits)

26th Street to 56th Street. This section adjoins a densely developed residential area, with limited sand beaches. The need for expanded facilities—sand beaches, marinas, and recreation centers—and for improved access from the high-density communities immediately to the west is especially important here. Generally, there should be pedestrian crossings over Lake Shore Drive and the Illinois Central tracks at frequent intervals.

Jackson Park to 79th Street. Major expansion through lake fill is needed and feasible to expand the beaches and other lake oriented recreation facilities. The drives through Jackson Park should be designed to increase pedestrian access and to reduce the dispersion of traffic through the park. Readjustment of the golf course layout to provide opportunity for play space to serve adjacent neighborhoods will be studied.

The relationship of existing tall buildings to the lake between 71st and 75th Streets should be preserved through design of land fill arrangement as the beach areas should be expanded.

79th Street to City Limits. In the near future the combined efforts of city agencies and private industry can be expected to reduce sharply the water and air pollution originating in this sector. The future use of this industrial-shipping area, including the possibility of port facilities at the entrance of the Calumet River and the further recreational development of Calumet Park, will be studied. It may be possible to relate recreation uses to the edges of the extensive industrial lake fill, as suggested by the Basic Policies.

Program Objectives

As an essential step toward carrying out lakefront development policies, the City has established two general program objectives for the study:

The program should schedule development of 600 to 700 acres of new park land along the lakefront within the next ten years. This would achieve about fifty per cent of the amount of lakefront park land to be added under the Basic Policies for the Comprehensive Plan of Chicago.

Since financing is a major factor in the accomplishment of the policies and programs, the study should recommend programming procedures that will take full advantage of available state and federal funds for the continued development of lakefront park land and facilities.

Since 1842 when Lincoln Park covered 12 acres, to its present size of 1,185 acres, every improvement to the Outer Drive has added more land to Lincoln Park.

The northbound Outer Drive has been under constant revision and improvement since 1925 as a means of both improving traffic flow and enlarging and consolidating Lincoln Park.

With the completion of the Hollywood Extension in 1953, 75 acres of park land were added; 1,125 new trees were planted, and a new beach bathhouse and comfort station were opened. This pattern, which began in the 1800's has continued through the years, the Cornelia, Montrose and Foster Extensions being recent examples.

The Filtration Plant, servicing millions of Chicagoans and residents of the Metropolitan area, is now a beautiful park.

Out of a total of 61 acres, 10½ acres have been made beautiful park land with trees, shrubbery and other types of landscaping.

In the past 10 years 186,000 trees have been planted by the Forestry Division of the Department of Public Works and thousands more by the Chicago Park District.

Since 1955, the City has purchased and put aside for use, six streets and beaches for the residents of the north side.

Wherever possible private builders, influenced by the use of open space surrounding urban renewal projects and the plaza of the Civic Center, have set aside highly valuable land for open space in planning their developments.

Alderman Keane thereupon moved to *Pass* the proposed ordinance designated "1", printed in Committee Pamphlet No. 6 to authorize execution of agreement with the State of Illinois, County of Cook and the Chicago Park District for improvement of N. Lake Shore Drive between E. Goethe Street and W. Fullerton Parkway.

After debate, Alderman Despres moved to *postpone* further consideration of the pending proposed ordinance to the next meeting. The motion to postpone was *Lost* (Alderman Despres and Alderman Chew voting "Yea").

Thereupon Alderman Despres moved to re-refer the pending proposed ordinance to the Committee on Finance.

Alderman Keane moved to Lay the Motion to *Re-refer* on the Table. The motion to Lay on the Table *Prevailed,* by yeas and nays as follows:

In the event that the County's share exceeds $1,250,000.00, an adjustment will be made and sufficient Motor Fuel Tax Funds will be requested and appropriated by the County to be used as the County's share of such additional cost.

In the event the County's share of the cost of this improvement is less than $1,250,000.00, as shown by a final audit of the costs assigned to the County, the City Council will, by proper procedure, authorize the City Treasurer of the City of Chicago to reimburse the County's Motor Fuel Tax Fund, as shown by the difference between the final audit and the $1,250,000.00, as shown hereinabove.

(3) *Solicitations for Subcontracts, Including Procurements of Materials and Equipment:* In all solicitations either by competitive bidding or negotiation made by the company for work to be performed under a subcontract, including procurements of materials or equipment, each potential subcontractor or supplier shall be notified by the company of the company's obligations under this contract and the Regulations relative to nondiscrimination on the ground of race, color or national origin.

(4) *Information and Reports:* The company will provide all information and reports required by the Regulations, or orders and instructions issued pursuant thereto, and will permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the State Highway Department or the Bureau of Public Roads to be pertinent to ascertain compliance with such Regulations, orders and instructions.

Alderman Keane moved to pass the proposed ordinance designated "2", printed in Committee Pamphlet No. 6, to authorize execution of agreement with the State of Illinois, County of Cook and the Chicago Park District for improvement of S. Lake Shore Drive, Columbia Drive, Cornell Drive from E. 47th Street to E. 67th Street and S. Stony Island Avenue.

Alderman Despres presented the following written motion:

"I move to postpone consideration of the proposed ordinance to the next meeting in order to correct defective publication of the ordinance."

Alderman Keane raised a point of order that the motion to postpone goes beyond a mere motion, and sets forth as an integral part of the motion the mover's reason for postponement, the reason being the mover's personal conclusion, and that the Council would necessarily be voting not on the motion itself, but on the mover's personal conclusion.

The Chair declared the point of order *well taken.*

Alderman Despres *Appealed* the decision of the Chair.

The Chair then put the question *"Shall the decision of the Chair be Sustained?"* The question of the Chair was *Sustained* (Alderman Despres and Alderman Bohling voting "No").

Alderman Despres (seconded by Alderman Bohling) then moved to re-refer the pending proposed ordinance to the Committee on Finance. Alderman Keane moved to Lay the Motion to *Re-refer* on the Table. The motion to Lay on the Table *Prevailed,* by yeas and nays as follows:

Yeas—Aldermen Parrillo, Metcalfe, Holman, Miller, Condon, Lupo, Buchanan, Danaher, Zelezinski, Healy, J. P. Burke, Krska, Murray, Fitzpatrick, Campbell, Yaksic, Tourek, Collins, Marzullo, Zydlo, Sain, Provenzano, T. F. Burke, McMahon, Keane, Sulski, Brandt, Sande, Laskowski, Aiello, Casey, Cullerton, Laurino, Kaplan, Goldberg, Bauler, Rosenberg, Fifielski, Kerwin, Wigoda—40.

Nays—Aldermen Despres, Bohling, Scholl, Hoellen, O'Rourke, Sperling—6.

At this point in the proceedings Honorable Richard J. Daley, Mayor, informed the Council of the various dates, times and places that he and representatives of the City had met with representatives of the communities involved, including Alderman Despres, on the subject matter of the improvement of S. Lake Shore Drive.

The Mayor's remarks were interrupted on a point of order made by Alderman Despres, stating that the Mayor's remarks violated the rules of the Council in that he was engaging in debate. The point of order was *not sustained* by the Chair.

Alderman Despres *Appealed* from the decision of the Chair. The Chair thereupon put the question *"Shall the decision of the Chair be Sustained?"* The decision of the Chair was *Sustained,* by yeas and nays as follows:

Yeas—Aldermen Parrillo, Metcalfe, Holman, Miller, Condon, Lupo, Buchanan, Danaher, Zelezinski, Healy, J. P. Burke, Krska, Murray, Fitzpatrick, Campbell, Yaksic, Tourek, Collins, Marzullo, Zydlo, Sain, Provenzano, T. F. Nays—Aldermen Despres, Bohling, Scholl, Hoellen, O'Rourke, Sperling—6.

The Mayor then concluded his remarks.

Alderman Despres thereupon presented a proposed resolution and moved to substitute and to pass the proposed resolution in lieu of the pending proposed ordinance under consideration.

After debate, Alderman Fifielski moved to *Lay on the Table* the motion to *substitute* the proposed resolution. The motion to Lay on the Table *Prevailed* (Alderman Despres voting "No").

Nays—Aldermen Despres, Bohling, Hoellen, O'Rourke—4.

Alderman Campbell (seconded by Alderman Miller) moved to *Reconsider* the foregoing vote. The motion was *Lost* (Alderman Despres voting "Yea").

The following is said ordinance as *Passed* (the Italic heading not being a part of the ordinance):

3. *Type of Proposed Renewal Action*

Acquisition, clearance and disposition for development uses is proposed.

B. *Land Use Plan*

1. *Land Use Map*

This map is attached to this statement.

2. *Land Use Provisions and Building Requirements*

a. Statement of Uses to be Permitted:

The Land Use Map attached to this statement indicates location and areas of land for residential and related, and institutional uses permitted.

b. Additional Regulations, Controls or Restrictions:

1) Residential and Related Use:

Land to be used for residential and related purposes may include necessary community facilities, such as meeting rooms, child care rooms, craft shops and convenience shopping, intended primarily for use of the residential area.

Major controls include a maximum floor area ratio of 1.2. Structure height shall be harmonious and compatible with existing structures in the environs and structures proposed for the project area.

Adequate open space shall be provided through provision of appropriate structure setback from streets, and provision of lawn and play areas. Adequate off-street parking and loading provisions are to be provided in accord with needs of the residents. The minimum parking required includes spaces for 50 percent of the efficiency units, and for 100 percent of all other dwelling units. Minimum parking space shall measure 8 feet by 20 feet. A minimum of one off-street loading space shall be provided for each elevator apartment structure. Convenience shopping shall be provided with off-street parking at the rate of one space for each 400 square feet of floor area in excess of 4000 square feet. Off-street loading shall be provided at the rate of one space for each store with 5000 to 10,000 square feet of gross floor area, and two spaces for each establishment of 10,000 to 25,000 square feet of gross floor area.

Minimum loading space shall be 10 feet by 25 feet. These minimum dimensions for parking and loading spaces apply to all land use areas.

2) Institutional Use:

Some land due north and west of the existing Mary A. Thompson Hospital may be used for additional hospital facilities and related parking and loading.

The land west of Paulina Street and south of Maypole Avenue is immediately west of the Spalding School for the Crippled. Thus, that land may be used for additional school facilities to include parking related to that school.

Major controls include a maximum floor area ratio of 1.2. Structure height shall be limited to that which will result in a development which is harmonious and compatible with existing structures in the environs and structures proposed for the project area. Adequate open space and moderate land coverage by structures shall be provided through provision of appropriate structure setback from streets, and through provision of lawn and other open spaces. Loading facilities are to be provided in accord with needs of the various uses. Off-street parking shall be provided with minimum facilities at the rate of one space for each three employees for Board of Education use.

Off-street parking for institutional hospital purposes shall be at the rate of one space for each three hospital beds, plus one space for each three employees other than doctors, plus one space for each doctor assigned to the staff.

Existing uses to remain shall not be deemed as not complying with these controls if land necessary for such compliance is unavailable through the urban renewal process.

c. Time These Provisions Will be in Effect:

The redevelopers, their successors or assigns, will be required by contract to observe provisions of this Redevelopment Plan for a period of forty (40) years from the date of City Council approval of the first land disposition in the project area.

C. *Project Proposals*

1. *Land Acquisition:*

a. Identification of Real Property Proposed to be Acquired for:

1) Clearance and Redevelopment:

The Acquisition Parcel Map attached to this statement indicates the parcels to be acquired for clearance and residential and related use redevelopment.

2) Public Facilities:

Some land due north and west of the existing Mary A. Thompson Hospital may be used for additional hospital facilities and related parking and loading.

The land west of Paulina Street and south of Maypole Avenue is immediately west of the Spalding School for the Crippled. Thus, that land may be used for additional school facilities to include parking related to that school.

3) Rehabilitation and Conservation:

No parcels will be acquired for rehabilitation and conservation.

b. Statement of the Special Conditions Under Which Properties not Designated for Acquisition may be Acquired and Identification of Properties in this Category:

The Mary A. Thompson Hospital, located at 1600 and 1614 Maypole Avenue in a 5-story brick structure and with some parking space, may not be acquired providing the owners conform the property to the Redevelopment Plan. In determining conformance to the Redevelopment Plan, the Department will require, among other things, that uses comply with the Plan, that the buildings comply with the applicable codes and ordinances of the

City of Chicago and be standard in all respects, and that the exterior of the structures will be rehabilitated where necessary to harmonize with other structures now, or in the future, in the environs. That parcel shall be purchased, if the owners do not abide by the requirements of the Redevelopment Plan.

c. Statement of the Special Conditions under Which Properties Identified to be Acquired May be Exempted from Acquisition and, When Possible, Identification of any Properties which May Fall into This Category:

No properties are in this category.

2. *Rehabilitation and Conservation*

Clearance is the only type of action proposed. Properties which are not acquired will comply with the special conditions given under Section C (1) (b).

3. *Redevelopers Obligations*

a. General:

The redevelopers will be required to submit a redevelopment progress schedule satisfactory to the Department. Prior to the commencement of construction in accordance with the approved schedule, redevelopers will be required to prepare architectural plans and submit such plans to the Department for the latter's determination as to conformance to the Redevelopment Plan.

b. Design:

Design objectives relate to two phases of development. The first deals with land use relationships, and the second with architectural and site plan relationships and design details which greatly influence the quality of the ultimate development.

Residential and institutional use of this project is intended to assist in forming a coordinated neighborhood development. Complete community facilities, including neighborhood shopping, schools and playgrounds will be provided either in the project or nearby.

It is also expected that tot lots will be provided immediately adjacent to residential structure groupings. Thus, children too young to use the nearby school playground or the community center facilities, will have appropriate play facilities, and another visual element of real potential will be available. Screening may be necessary to shield one use from another.

The major objectives involve a high quality of architectural design, site planning, and landscape design in treatment of open spaces. They include elements such as buildings, use of material, scale, functional utility, and harmonious relation to existing development or proposed development.

D. *Procedure for Changes in Approved Plan*

All revisions to this Plan will be subject to approval by the Department of Urban Renewal, the Chicago Plan Commission and the City Council, after hearing by the Committee on Planning and Housing of the City Council.

A. *Redevelopment Plan Contents:*

Revision No. 2 to the Redevelopment Plan supersedes the Redevelopment Plan dated June 15, 1960 and Revision No. 1 dated May 22, 1962. Revision No. 2 consists of the following items, all of which are dated August 5, 1965, except as noted:

1. This Narrative Statement
2. Land Use Plan
3. Land Use Controls
4. Boundary Map, dated May 22, 1962

B. *Project Boundaries:*

Project 6C is bounded generally as follows: on the north by 26th Street, on the east by South Park Way, on the south by 29th Street, and on the west by State Street. Those boundaries are shown on the Boundary Map and are stated precisely in the legal description of the project attached to this statement.

C. *Approval of Project by the Chicago City Council and Illinois State Housing Board and Eligibility of Project for Federal Aid:*

On January 23, 1953, the Chicago Land Clearance Commission, a predecessor of the Department of Urban Renewal, hereinafter referred to as the Commission, by Resolution No. 53-CLCC-8, designated as a slum and blighted area redevelopment project an area identified as Project 6, of which Project 6C is a part. The City Council ordinance and the Illinois State Housing Board resolution which approved designation by the Commission of Project No. 6 were adopted May 14, 1953, and June 19, 1953, respectively.

On June 21, 1960, the Commission by Resolution No. 60-CLCC-109, approved a redevelopment plan dated June 15, 1960. The City Council ordinance and the Illinois State Housing Board resolution approving the redevelopment plan were adopted on July 7, 1960, and July 15, 1960, respectively.

On June 5, 1962, the Commission by Resolution No. 62-CLCC-89, approved Revision No. 1 to the Redevelopment Plan. The City Council and the Illinois State Housing Board approved this revision on June 29, 1962 and July 20, 1962 respectively.

Under the terms of the Federal Housing Act of 1949, as amended, the Housing and Home Finance Agency of the Federal Government has determined that the project is eligible for Federal financial assistance.

D. *Land Use Plan:*

1. *General*

As shown on the Land Use Plan, the land in Project 6C is to be used for the following purposes: Residential, which may include church and neighborhood shopping center uses as auxiliary purposes; public elementary school; and commercial-light-industrial. By neighborhood shopping center is meant a center with facilities such as: Grocery or supermarket, gas station, restaurant, drug store, and laundry and dry cleaning pickup. Those facilities, which may be located in a shopping center central to the area to be served or in the first floor of one or more elevator apartment structures, may not exceed two and one-half acres in area. The approximate amount of land to be devoted to each use is shown in the tabulation on the attached Land Use Plan.

2. *Properties which may not be acquired*

The following tabulation shows the addresses, kinds of improvements and the uses of properties which may not be acquired, provided the owners conform them to this Redevelopment Plan. In determining conformance to this Redevelopment Plan the Department will require, among other things, that the buildings comply with the applicable codes and ordinances of the City of Chicago, and be standard in all respects. These properties will be acquired if the owners do not abide by the requirements of this Redevelopment Plan. However, structures not acquired shall not be deemed as not conforming to this Redevelopment Plan in respect to

conformance standards which would require the purchase of land not available for sale by the Department to the owners of such structures:

These street changes will be coordinated with the development of the South and Southwest Expressways.

Access to property within the project area will be from local streets, and restricted from State Street, Michigan Avenue or South Park Way. Improvement of Michigan Avenue right-of-way will include tree planting on parkways and the median strip. Local street access points shall be limited to 29th Street and Indiana Avenue only.

Not more than twenty percent of the residential area may be devoted to public local access streets. The exact location will be determined in relation to final development plans.

E. *Controls on Redevelopment:*

2) Ratio of floor area to building site, maximum—3.0 square feet of floor area to 1 square foot of building site.

3) Off-street parking, minimum—one space for each four employees during peak work period. One space shall be of dimensions not less than 8 x 20 feet.

4) Off-street loading, minimum—one space for 5,000-40,000 square feet; 2 spaces for 40,000-100,000 square feet, and one extra space for each additional 100,000 square feet of floor area or fraction thereof. One space shall be of dimensions not less than 10 by 25 ft.

6) Hazardous Use

No part of the area shall be used for any purpose which in the determination of the Department will create or tend to create a hazard or increase the cost of insurance to owners of any other property in the area.

7) Storage and Disposal of Refuse

There shall not be any on-site storage or disposal or refuse other than that permitted by City Ordinance.

8) Screening of Parking and Storage Areas

Parking and storage areas shall be screened to the extent necessary in the determination of the Department to conceal stored material so that those areas will not become unsightly to adjacent uses and particularly to users of adjacent streets.

3. *Controls on All Redevelopers*

The redevelopers, their successors or assigns will be required by contract to observe all provisions of the Redevelopment Plan, including land use controls, for a period of forty (40) years from the date of City Council approval of the first land disposition in the project area. Also, they will be required to submit a redevelopment progress schedule satisfactory to the Department. It is anticipated that redevelopers will not be permitted to defer the start of construction for a longer period than required for the preparation of architectural plans and the submission of such plans to the Department for the latter's determination as to conformance to the Redevelopment Plan. Generally, this work should be completed within six to nine months.

All revisions to this plan will be subject to approval by the Department of Urban Renewal, the Chicago Plan Commission, and the City Council, after hearing by the Committee on Planning and Housing of the City Council.

Whereas, In the death of Samuel King Allison on September 15, 1965, Chicago lost a great citizen and the world lost a great scientist.

Born in Chicago in 1900, Samuel K. Allison was a product of the Woodlawn Community, Fiske Elementary School, and Hyde Park High School, and the University of Chicago. After receiving his Ph.D. in 1923, he left Chicago, but returned in 1930 to join the faculty of the University of Chicago, and remained there until his death.

He was an authority on x-rays and on atomic and ionic beams. His scientific research in physics was outstanding. His early interest and success in nuclear physics made him one of the founders of the present expansion of science.

Chicago's place in scientific history as the cradle for the development of nuclear energy is in substantial measure due to the knowledge, insight, and effort of Samuel K. Allison. During World War II, he headed the University of Chicago's Metallurgical Laboratory, which in 1942 achieved the first controlled release of nuclear energy. At Los Alamos, New Mexico, he headed the committee which coordinated the work toward the first explosion in 1945 of the nuclear fission bomb.

In 1947, The Enrico Fermi Institute of Nuclear Studies was established at the University of Chicago under his direction. He continued as director, with one interruption, until his death.

At the time of his death he was in London at work with an international committee of scientists on the controlled use of thermonuclear energy.

He pursued his researches with freshness and vigor. He shared his knowledge freely and easily with student and colleague alike. His influence remains, but his patient understanding and his marvelous sense of humor are lost.

Chicago's loss is irreparable.

Now, Therefore, Be It Resolved by the City Council of the City of Chicago, That Chicago notes with deep sorrow the loss to the world of Samuel King Allison, and extends profound sympathy to his family and his scientific colleagues.
